

THAT WHICH IS CLAIMED IS:

1. A combination playhouse and carrying case comprising:
 - a base housing defining a plurality of open-sided rooms;
 - a front panel having a sealed pouch formed by a pair of flexible material sheets and a quantity of captive liquid therebetween; and
 - a hinge securing said front panel to said base housing allowing said front panel to be moved to a closed position providing closure of said open-sided rooms and an open position, said liquid and said sealed pouch simulating a waterfront in said open position.
2. The combination playhouse and carrying case set forth in claim 1 wherein said flexible material sheets are formed of transparent plastic.
3. The combination playhouse and carrying case set forth in claim 2 wherein said liquid is tinted in color.
4. The combination playhouse and carrying case set forth in claim 3 wherein said open-sided rooms include movable balcony rails.

5. The combination playhouse and carrying case set forth in claim 4 further including a handle secured to said base housing.

6. A playhouse comprising:

a housing defining one or more open-sided rooms; and

a simulated waterfront panel secured to said housing and having a pair of flexible sheets forming a sealed pouch and a quantity of liquid therein.

7. The playhouse set forth in claim 6 wherein said liquid is tinted to resemble a portion of a body of water.
